

THE ARMY AND THE NAVY.

ARMY NOTES.

The following officers have been detailed by Secretary Proctor to collect exhibits in South and Central America for the Chicago Exposition of 1892: Capt. G. P. Colton, 1st Art.; Capt. Alex. Rodgers, 4th Cav., and 1st Lt. G. P. Scriven, 3d Art. They have been assigned to Honduras, Salvador, Brazil and Guatemala, and Yucatan, respectively. Each officer is made a military attaché to the American Legation at the country to which he has been assigned.

The Secretary has ordered that bread baked at military posts shall be sold only to persons connected with the posts, so as to avoid coming into competition with private bakeries.

The principle new features of the military Academy Appropriation bill, which has been completed by the House committee, are: For repairs of quarters for enlisted men, \$5,000; for two sets of officers' quarters, \$20,000; for twenty sets of quarters for enlisted men and their families, \$24,000; for enlarging the storehouse and workshop of the cadet quartermaster's department, \$10,000; for repairs to the riding hall, \$2,000; for improvements in plumbing and sewerage, \$15,000; for repairs to the bath-rooms and sewerage of the West Point Hotel, \$1,500. A number of minor appropriations are also made for new apparatus recommended and for improvement of the grounds and buildings.

The President has approved the act for the relief of Maj. D. N. Bash, paymr., U. S. A.

Maj. Gen. A. H. Terry, U. S. A., retired, died at New Haven Tuesday morning. For 3 years Gen. Terry has been a sufferer from Bright's disease. A. H. Terry was born in Hartford Nov. 10, 1827. He was educated in the schools of New Haven and at Yale Law School. He began the practice of his profession in 1849. He was active in the militia, and when the Civil War began he was in command of the 2d Regt. of State troops. With that regt. he responded to President Lincoln's first call, and commanded it at the first battle of Bull Run. After the expiration of the 3 months' service he organized the 7th Conn. Regt., and commanded it at the capture of Port Royal, S. C., and at the siege of Pulaski. He commanded the action of Chester Station, and was engaged at the battle of Drewry's Bluff, the various combats in front of the Bermuda Hundred lines, the battle of Fussell's Mills, the action at Deep Bottom, the siege of Petersburg, the actions at Newmarket Heights, on the Newmarket road, the Darbytown road, and the Williamsburg road. On Jan. 15, 1865, acting in concert with Adam Porter, the Union forces under Gen. Terry captured Fort Fisher, which commanded the sea approaches to Wilmington, N. C. For this Gen. Terry was promoted to be brig. gen. in the Regular Army and maj. gen. volunteers, and Congress passed a vote of thanks. He was in command of the Dept. Dak. at the time of Gen. Custer's massacre by the Sioux under Sitting Bull. Gen. Terry was promoted to the rank of maj. gen. March 3, 1886, and was in charge of the Dept. of the Mo. until his voluntary retirement in 1888.

Col. A. R. Burlington, Ord. Dept., now at the National Armory, Springfield, Mass., has been ordered here for consultation with the Chief of Ord.

The leave of Maj. J. C. Gilmore, asst. adjt. gen., has been extended one month.

The leave of Maj. W. A. Rafferty, 2d Cav., Dept. Ariz., has been extended 20 days.

Maj. Gen. Schofield has made a ruling that Sec. 2 of the act approved June 16, 1890, providing for furlough and discharge of certain enlisted men, applies to every soldier, without any limitation whatever, whose antecedent 3 years' service has been faithful.

Second Lieut. F. H. Beach, 6th Cav., has been ordered to join his regt. in South Dakota.

Capt. G. B. Russell, 9th Inf., has been granted 2 months' extension of sick leave.

Capt. Cullen Bryant, Ord. Dept., has been ordered to examination for promotion.

Capt. Walter Reed, asst. surg., now on duty in Baltimore, has been ordered to temporary duty at Fort Keogh, Mont.

Capt. W. O. Owen, Jr., asst. surg., has been ordered to report at once to Col. E. A. Carr, 6th Cav., at Rapid City, S. D., for duty with the troops in the field.

Post Chaplain W. J. Larkin has been ordered to examination for retirement.

The following changes in the stations and duties of officers of the Corps of Engineers are ordered: First Lieut. G. D. Fitch will relieve Maj. J. B. Quinn, temporarily, of the charge of the works now under his direction; Maj. Quinn will proceed to New Orleans, La., and relieve Capt. W. L. Fisk of the charge of all works now under his direction, and of his duties as eng. of the 7th and 8th Light-House Districts; Capt. Fisk will proceed to Duluth, Minn., and take charge of the works now under the direction of Maj. Quinn, relieving Lieut. Fitch, who will then report to Capt. Fisk for duty under his orders; Capt. Fisk will also serve in place of Maj. Quinn as a member of the board of eng. officers on harbor lines of Portage Lake.

The decrease in desertions from the Army continues. In 1888 the desertions for the month of Nov. were 189; for the same month in 1889 they were 164, and for Nov., 1890, they were 90. The percentage of desertions to the strength of the whole Army has been for the past year 8 per cent.

The following have been appointed cadets at West Point: C. E. Flanders, Haverhill, Mass.; G. B. Pritchard, Savannah, Ga.

Maj. G. M. Sternberg, surg.; Maj. J. H. Lord, Q. M., and Capt. C. A. Woodruff, C. S., have been ordered to meet in San Francisco as a board of survey on certain stores for which Capt. G. A. Hull, military storekeeper, is responsible.

Post Chaplain S. S. Merrill has been ordered to examination for promotion.

Lieut. Col. G. B. Dandy, deputy Q. M. gen., has been ordered to visit the National Cemetery at Sharpsburg, Md., on official duty.

Col. and Asst. Surg. Gen. Glover Perin died in St. Paul, Minn., Monday. He served 40 years and was retired in 1887.

The extension of leave granted Maj. S. G. Cowdrey, surg., has been extended 10 days on account of sickness.

THE NAVY AND MARINE CORPS.

Only one new warship is provided for in the new Naval Appropriation bill just completed by the House committee. It will be a triple-screw protected cruiser, of 7,350 tons displacement, without armament; limit of cost, \$2,750,000. The bill carries a total appropriation of about thirty and one-half millions. Among the items of interest are the following: For equipment of arms for the naval militia of various States, \$25,000; for the purpose of making ballistic tests and experiments in the development of American armor the Secretary of the Navy is authorized to use \$100,000 out of the appropriation of \$1,000,000 made by the act of Congress of last September for the purchase of nickel ore. For public works the appropriations are: Portsmouth, N. H., \$22,287; for Boston, \$17,000; for Brooklyn, \$120,835, including \$100,000 for quay wall on Cob dock; for League Island, \$130,676, including \$87,441 for west dry dock pier; for Washington, \$21,807; for Norfolk, \$20,166; for Mare Island, \$51,785; for launching ways and granite slips at New York and Norfolk, \$13,000; for repairs and preservation at navy yards and stations, \$800,000; for residence for medical director in charge of Mare

Island Naval Hospital, \$15,500. A clause is inserted in the provision for preservation and repair of engines, boilers, and machinery of wooden ships declaring that the restriction limiting such repairs to 20 per cent. of the estimated cost of such new engines, boilers, and machinery shall not deprive the Secretary of the Navy of authority to order repairs of engines, boilers, and machinery for vessels damaged in foreign waters or on the high seas so far as they may be necessary to bring the vessels home. Under the head of increase of the Navy, \$4,000,000 is appropriated towards the armament and armor of vessels heretofore authorized to be built, being \$1,500,000 more than the appropriation for the same purpose for the current fiscal year, and \$11,607,000 is appropriated towards the construction and completion of new vessels heretofore and hereinafter authorized by Congress, with their engines and machinery, including premiums, being \$6,132,000 more than the current year's appropriation. For two traveling cranes of forty tons capacity for dry docks at New York and Norfolk, \$100,000 is appropriated, and for supplying anchors, chain cables, and equipment outfit to vessels already built or authorized, \$400,000 is provided.

There are some cases of malarial fever on the Kearsarge at Port Royal, S. C.

Lieut. J. A. Calhoun has been ordered to duty in the Dept. of Ord., Navy Yard, N. Y.

Paymr. J. Q. Barton has been ordered to special temporary duty at the Navy Yard, N. Y.

The cruiser Enterprise has left Colon for Boca del Toro on important secret business, carrying U. S. Consul Lewis.

The U. S. steamships Alert and Marion, now fitting out at the Mare Island Navy Yard, Cal., have been assigned to duty on the Asiatic Station, and the Swatara, repairing at the same yard, to the Pacific Station.

Asst. Surg. S. J. Evans has been ordered to duty at the Naval Academy.

Chief Eng. H. B. Nones has been ordered to the Navy Yard, League Island, Pa., 31st inst.

P. A. Surg. C. J. Decker has been detached from the Naval Academy, and ordered to duty at the Naval Hospital.

Chief Eng. L. J. Allen has been detached from duty at the Navy Yard, League Island, 31st inst., and placed on waiting orders.

Naval Constructor Richard Gatewood has died at Bloomingdale, N. Y.

Lieut. A. D. Taussig has been detached from duty in the Navy Library and War Records Office, and ordered to special duty connected with the World's Fair.

The cruiser Baltimore sailed from Spezzia, Italy, Thursday for Nice.

The apprentice boys of the naval training station at Newport have received a high compliment from Mayor Coggeshall, of that city. In a letter to the Secretary of the Navy the Mayor says: "The boys are uniformly well behaved, courteous to our citizens, and it is exceptional when reproach is necessary. It is due to these lads without home influences to assure you of their manliness when in our city."

The work on the Atlantic, which is being repaired at Norfolk, is dragging, and Commodore McAville has gone there to inspect her machinery and hurry matters, so that the vessel may be assigned.

Ensign H. P. Jones has been ordered to duty at the Naval Observatory, Jan. 3 next.

Ensign William Truxton has been detached from the torpedo boat Cushing, and granted sick leave for 1 month.

Asst. Eng. W. W. Bush has been detached from duty connected with the San Francisco, and ordered to duty on board that vessel.

Carpr. R. C. Burroughs has been detached from duty at the Delaware River Iron Works, and ordered to duty at the works of S. L. Moore & Sons, at Elizabethport, N. J.

Orders have been received at the Norfolk Navy Yard for the Atlanta to be ready for sea by Jan. 10.

Grape and Wine Chat.

The hilly region around Livermore, Alameda County, Cal., where early in this decade the best French grape varieties were first planted, created surprise in wine circles on competitive examination of the wines produced therefrom. This California appreciation was confirmed by the highest awards—gold and silver medals—by the jury of the Paris Exposition in 1889 for several specialty wines of Livermore growth.

The three wines of the Olivina Vineyard, which partook of these honors, we are privileged to sell here. They are reproductions from Burgundy, Malbec, and Sauterne grapes. They can be judged at our office on Fifteenth street.

Sauterne wines from France labor under the defect of producing headache. The French keep the remnant of unfertilized grape sugar, which gives zest to that wine by sulphur fumes. Sulphurous acid thus generated is by chemical action converted into sulphuric acid in old French Sauternes. The "Olivina" proprietor, J. F. Smith, avoids using the French formula. His Haut Sauterne, which he intrusts to us, is completely fermented. It is absolutely "dry," and therefore wholesome.

Industrial Savings and Loan Ass'n.

931 TWENTY-SIXTH ST. N. W.,
WASHINGTON, D. C., Nov. 27, 1890.

Mr. Thomas G. Henney, Secretary Industrial Savings and Loan Association:

DEAR SIR: Your letter of the 27th instant containing a check for \$200, the proceeds of the sale of the four shares of stock owned by my father, the late Dennis Callahan, certificate No. 153, dated July 25, 1887, who died November 4, 1890, was duly received. Allow me to thank you for the promptness displayed in the settlement of this case. The simplicity of your association in combining, as it does, three objects: Savings, paying back, as it does, in cases of withdrawal, all except the first year's dues; loaning to members small sums on long time, and last buying back the stock in the event of death at \$50 on each share, commends itself to all classes of people. I am respectfully yours,
(Signed) ANNIE CALLAHAN.
